

## **Cascade Farm Benefit Trial May 13, 14, 2017 Information**

First of all, a big Thank You to all the handlers who volunteered to help. Almost everyone has a job, or two!

Please stay on the road across the field as the field is wet with all the rain we have had. If you drive on the grass you are destroying our hay supply for the winter. Try to keep your impact to a minimum.

Both the brook and river have strong currents as they are quite full. Please keep an eye on your dogs if you are near the water.

All campers and RV's will park to the left along the river just past the pines. Please park perpendicular to the river.

All those without campers or RV's please park straight ahead behind the pines. There is plenty of space to park either by the trees or along the river if everyone parks perpendicular. We have grazed the area with the sheep to reduce the chance of ticks.

Lunches and dinners are on your own this year.

The weather forecast is not too bad for the weekend. Expect temperatures to be in the 50's and 60's. There will be overcast with spots of sun, possible showers especially on Sunday afternoon.

We look forward to seeing all of you.

Bud & Mary Ames
